SUMMARY

A dedicated Computer Science and Engineering student with knowledge in web development and a solid understanding of data structures and algorithms. Skilled in technologies like Java, HTML, CSS, and JavaScript, with experience in building interactive platforms for data management and user engagement. Proficient in Core Java, Advanced Java, and MySQL, with good problem-solving and teamwork abilities.

KEY SKILLS

Programming Languages: Java, Advance Java, C

Data Structures and Algorithms

Frontend Technologies :HTML, CSS , JavaScript, TypeScript, React , Bootstrap, Tailwind CSS, SAAS, Material UI

Backend Technologies :Express.js

Database: MySQL, MongoDB

EDUCATION

B.Tech in Computer Science and Engineering	Dec '21 - Aug '24
MIT College of Railway Engineering & Research , Barshi	Solapur, IN
<ul style="list-style-type: none">• Secured 70.3%	
Diploma in Information Technology	Aug '17 - Nov '20
Government Residence Women Polytechnic, Tasgaon	Tasgaon, IN
<ul style="list-style-type: none">• Secured 82.94%	

KEY DEVELOPMENT PROJECTS

- **Domain: Web-Based Placement Cell | Tech Stack: React.js, Node.js, Express.js, MongoDB, Python | Mar '24**
 - Developed a platform using MongoDB, Express.js, React.js, Node.js, and Python for managing student registrations, job listings, and application tracking.
 - Integrated an AI chatbot for instant support and used Python for processing CSV student data.
- **Domain: Online mentoring system | Tech Stack: Html, CSS, JavaScript, Bootstrap | Mar '23**
 - Built an online system using HTML, CSS, JavaScript, and Bootstrap for connecting students with mentors for guided learning and interaction.
 - Provided role-specific features for students, mentors, and admins, and enhanced user experience through front-end development.

PROFESSIONAL EXPERIENCE

Full Stack Java Developer Trainee	Aug '24 - Present
upGrad Learning Support Centre Pune	Pune, IN
<ul style="list-style-type: none">• Acquired in-depth knowledge of Java technologies, including Java 8, Core Java, Java EE, Spring, Hibernate, and Spring Boot frameworks• Managed JDBC connections and streamlined database operations for efficient data processing and integration.• Designed and implemented a multi-threaded application to enhance processing efficiency, utilizing concepts such as multi-threading and string handling.• Attained proficiency in Java frameworks, HTML5, CSS3, Bootstrap, JavaScript, and Angular/ReactJS, utilizing these tools to create dynamic and responsive web interfaces.
